At nissan.ca, you'll find a way to "build your own Nissan," a dealer locator, and more information about key Nissan support services. The Nissan names, logos, product names, feature names, and slogans are trademarks owned by or licenced to Nissan Motor Co. Ltd. and/or its North American subsidiaries. Always wear your seat belt, and please don't drink and drive. Printed in January 2016. Catalogue number: 99999-MUR16EN. © 2016 Nissan Canada Inc. All rights reserved.

SHARE the experience that's designed around you. Say yes to a night out and the chance to turn heads. Reconnect with your real social network in the premium lounge interior, perfect for relaxing or living it up. Tap in to technology that sets the mood from any seat and brings you closer together. The evening starts up when Murano® does. The 2016 Nissan Murano® the dynamic crossover that enhances ALL THAT MATTERS.

Nissan Murano®'s interior also comes with seamless ways to use it. Rear passengers can get in and out in a snap. In back, you can increase your cargo volume to 1,979 litres (69.9 cubic feet) when you collapse the 60/40 split rear seats. Convenient available automatic controls let you power up the rear seats from the instrument panel or rear cargo area. And for simpler loading and unloading, control Murano®'s available power liftgate from your remote, the instrument panel, or a button on the hatch.

Nissan Murano® Platinum shown in Cashmere Leather. U.S. instrumentation shown.

Delightful by design. Murano® invites you to enjoy the small things, like softer headrests with just the right amount of give. And the big things. Like front and rear Zero Gravity Seats, which help provide continuous support from hips to back and help reduce fatigue, leading the way for more comfortable road trips. To find your way, access the standard navigation system on a high-resolution, 203 mm (8.0") multi-touch control colour display.¹ Rear passengers can recline,² and activate their own available Quick Comfort® heating – which warms you up in moments – by flipping the switch right next to their very own rear USB connection port. In addition to warm-ups, front seats also enjoy cool-downs with the available climate-controlled front seats. It's an elevated driving experience, for everyone on board.

Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ²Passengers should not ride in the reclined position while the vehicle is in motion.

YOU'RE NOT JUST DRIVING, YOU'RE HOSTING.

Murano® offers a unique social space designed to let everyone effortlessly connect in an interior that's an expression of serenity. To begin with, we've designed Murano®'s control panel to be simpler and more intuitive, nestled like a gem in the sculpted dash. Throughout the cabin, lit by the available ambient glow of adjustable mood lighting, touches of chrome and trim accents in a Jasper Pearlescent or Brushed Silver complement the available leather interior. Rear passengers enjoy controls for available rear heated seats, plus a place to store and recharge their smartphone, and the wide centre console allows everyone to mingle without leaning or straining. At the wheel, you have enhanced visibility, thanks to a higher seating position and slimmer side pillars that give way to larger windows. Meanwhile, above you, the expanded available power panoramic moonroof stretching from front to back seems to breathe in light. An atmosphere this premium makes it easy for everyone to enjoy the journey – and might make your destination seem beside the point.

Advanced Drive-Assist® Display. You can access the tech you need at every turn, on your own 178 mm (7.0") colour display.^{1,2}

Passenger-friendly Screen.

Access music, Google® and more with a tap or a swipe on a 203 mm (8.0") multi-touch control colour display. Pinch and zoom navigation lets you zero in on your destination.3

Communication Alley. A wide centre console opens the way for all passengers to feel engaged.

Rear-seat Perks. Available rear heated seat switches and a class-exclusive rear USB with Smartphone Interface so rear passengers can charge their smartphone and play their music.⁴

¹Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ²Information displayed is dependent on how vehicle is equipped. ³Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Do not unfasten the rear centre seat belt connector except when folding down rear seats. ⁴Based on Global Automakers of Canada (GAC) segmentation.

Nissan Murano® Platinum shown in Graphite Leather, U.S. instrumentation shown.

NISSAN ADVANCED DRIVE-ASSIST® DISPLAY

INNOVATION THAT UPGRADES YOUR PERSONAL SPACE.

Daily commutes, traffic jams, and soccer games. With so much going on around you, it's easy to lose sight of what's most important: driving. From turn-by-turn directions to caller ID or safety features, the Advanced Drive-Assist® Display lays it all out right before you on a 178 mm (7.0") colour screen – helping to minimize time looking away.^{1,2,3}

NISSAN AROUND VIEW® MONITOR IF YOU WANT PARKING ANY EASIER, YOU'LL HAVE TO VALET.

What if parallel parking were easier? A RearView Monitor is great when backing up – but when it comes to parking, it's nice to see more than just what's behind you. That's why Murano®'s available Around View® Monitor uses four cameras to give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look. And since all obstacles aren't stationary, Moving Object Detection helps

keep an eye around your Murano® and can warn you about moving objects in your vicinity.9

¹Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ²Information displayed is dependent on how vehicle is equipped. ³Never program while driving, GPS mapping may not be detailed in all areas or reflect current road status. ⁴TPMS is not a substitute for regular tire pressure checks. Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. [§]Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. [?]Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. [§]Wirtual composite 360° view. [§]MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle.

260 HP 240 LB-FT TORQUE 8.2 L/100 KM HWY

BECAUSE YOU LIKE YOUR POWER POLISHED.

Power, courtesy of a 3.5-L V6 engine. Murano[®]'s 260-horsepower 3.5-litre V6 engine keeps you ahead of the pack when you need to be. And efficient fuel economy on the highway keeps it practical. Of course, it doesn't hurt to have aerodynamics that give you a drag coefficient of 0.31 – comparable to sports cars.

Efficiency, brought to you by the Next-Generation Xtronic CVT.® Unlike conventional automatic transmissions, the virtually "gearless" Xtronic CVT® transmission makes gear-hunting a thing of the past. Fully variable gear ratios mean it can hold the engine at the ideal rpm, giving you a wave of power when you need it, and achieving quiet, efficient cruising when you don't.

POWER THAT INSPIRES CONFIDENCE.

Intuitive All-Wheel Drive (AWD). Weather and road conditions can be unpredictable, but Murano[®]'s intuitive AWD helps keeps things smooth. Feel confident on the road, no matter where you go. The second you pull away, the available intuitive AWD turns on, delivering power to both front and rear wheels for improved grip. Once you're up to speed, Murano[®] sends all power to the front wheels for improved efficiency. Then, for enhanced cornering control and traction, intuitive AWD compensates by transferring some of that power from the front wheels to the rear, so you can rise to the occasion when driving conditions change.

START CRUISE WITH WITH ALL

JUST

CORNER WITH ALL

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

What if you had the confidence you need for every part of your drive? The Nissan Safety Shield® Philosophy is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies are designed to help monitor conditions — like a warning to let you know when a vehicle is in the blind spot area, or a system that helps ensure you're travelling on properly inflated tires.

Available Features:

Predictive Forward Collision Warning (PFCW)^{1,2}
Forward Emergency Braking (FEB)^{1,3}
Driver Attention Alert (DAA)^{1,4}
Blind Spot Warning (BSW)^{1,5}
Rear Cross Traffic Alert (RCTA)^{1,6}
Moving Object Detection (MOD)^{1,7}
Around View[®] Monitor^{1,8,9}

Tire Pressure Monitoring System (TPMS) with class-exclusive Easy-Fill Tire Alert TPMS lets you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you've reached the correct pressure.^{10,11,12}

RESPOND

Whether you need to hit the brakes hard or manoeuvre around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.¹³ **Traction Control System** helps reduce wheelspin in low-traction situations.

Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.¹⁴

PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the advanced seat belt and airbag systems help protect passengers.¹⁵

7 Standard Airbags.¹⁵ Nissan Advanced Airbag System has dual-stage supplemental front airbags with seat belt and occupant-classification sensors.¹⁵ In addition, Murano® features front seat-mounted side-impact supplemental airbags,¹⁵ a driver supplemental knee airbag,¹⁵ and roof-mounted curtain side-impact supplemental airbags with rollover sensor.¹⁵

LATCH System (Lower Anchors and Tethers for CHildren)

Snug-kids
Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissan vehicles. The result: an industry first, The Snug Kids
Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at Nissan.ca/en/owners

NISSAN SAFETY SHIELD® TECHNOLOGIES GET AWAY WITH JUST A WARNING.

Forward Emergency Braking. Using radar technology to keep an eye on your speed and proximity to vehicles ahead of you, the Forward Emergency Braking gives you audible and visual display warnings to help you know when to reduce your speed, if necessary. It can also apply braking to help you avoid a collision. If a collision is unavoidable, this feature will automatically engage the brakes to help reduce speed of impact and reduce the severity of a collision.^{1,3}

Blind Spot Warning. If another vehicle is detected in the blind spot area, an indicator appears in the driver's or front passenger's door pillar and on the Advanced Drive-Assist® Display. Then, if you put your turn signal on, the indicator flashes with a warning chime.^{1,5}

Rear Cross Traffic Alert. When you're backing out of a parking space, this feature watches the area around the rear of your Murano, and can warn you about vehicles you might not see approaching from either side. So backing up feels easier than ever. 1,6

Moving Object Detection. When the Around View® Monitor is in use and detects moving objects near the vehicle, it gives a visual and audible alert.^{1,7}

RearView Monitor and Around View® Monitor. When you're in Reverse, the RearView Monitor shows what's directly behind you and helps make backing up and parking easier.8 And the Around View® Monitor uses four cameras to give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can see where you're going without second-guessing.1.8,9

¹Available feature. ²PFCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details. ³FEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. ⁴It is the driver's responsibility to remain alert at all times. DAA is only a warning to inform the driver of a potential lack of driver attention or drowsiness. It does not detect and provide an alert in every situation. See Owner's Manual for details. ⁴Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or object around you. ⁴Not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner's Manual for details. 'MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle. ⁴Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ⁴Virtual composite 360° view. ¹□TPMS is not a substitute for regular tire pressure checks. ¹¹Based on Global Automakers of Canada (GAC) segmentation. ¹²Vehicle must be on for the Easy-Fill Tire Alert to operate. ¹³VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ¹⁴Stribags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat

CHOOSE YOUR TRIM LEVEL

S

- 260 HP 3.5-litre V6 engine, Xtronic CVT® (Continuously Variable Transmission)
- Front-Wheel Drive (FWD)

Finance Options Through Nissan Canada Finance, we offer many attractive lease and loan options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program, Lovalty Program or the Nissan Advantage Program. Please visit our website Nissan.ca/finance to explore all of the options available. We have also made it easy to pre-qualify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

Brilliant Silver¹ K23

No-Nonsense Warranty Every 2016 Nissan is covered by a 3 year/60,000 km⁷ Comprehensive New Vehicle Warranty, a 5 year/100,000 km⁷ Powertrain Warranty, an 8 year/130,000 km⁷ Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

SL

Security+Plus[™] Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there's no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

Pacific Sunset1 FAW

2See your Nissan Dealership and read the actual limited warranty. 3Blind Zone Mirrors are not a substitute for proper lane change procedures. May not display every vehicle or object around you. 4Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. Provincial laws may apply; review local laws before using. See Nissan Towing Guide and Owner's Manual for proper use. Whichever occurs first. HomeLink® is a registered trademark of Gentex Corporation.

AWD	11.2/8.3 (25/34)

Nissan's environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF,® we're improving fuel efficiency across our lineup, and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.

1824 (4021)

1XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period.
