REINVENT your every day with a sedan that proves the good life is well within reach. Key in your next adventure and go. Embrace turbocharged power that pushes performance to new levels. And arrive with confidence, thanks to advanced safety features that help keep an eye out. Open some doors and fill an impressive interior with friends. The 2017 Nissan Sentra: Enjoy more of EVERYTHING.

SENTRA® SR TURBO

THE FIRST TURBOCHARGED SENTRA EVER

It starts with the quality and performance that is synonymous with Sentra, then kicks things up a notch. The new 1.6-L DIG turbocharged engine gives Sentra SR Turbo over 50% more horsepower than other Sentra models.¹ Grip the leather-wrapped steering wheel as the stiffer suspension and 17" aluminum-alloy wheels help you carve up the road, while Turbo-specific front brake rotors bring you back down to earth.

SR TURBO

Tuned steering and suspension

6-speed manual transmission

Nissan Sentra® SR Turbo shown in Red Alert.

SR TURBO

1.6-L DIG[™] TURBOCHARGED ENGINE

When it came time to breathe greater performance into the Sentra SR Turbo, our engineers pulled out all the stops. Spray-coated and mirror-finished cylinder bores were applied to the 1.6-L DIG turbocharged engine, while a low-pressure cooled EGR system was added for greater efficiency at higher loads. The result? Engine friction and weight were reduced, while performance increased.

SPRAY-COATED AND MIRROR-FINISHED CYLINDER BORES

Reduce friction and heat, allowing the engine to spin more freely.

LOW-INERTIA FURBOCHARGER

Spools up faster, for quick engine response and linear acceleration.

LOW-PRESSURE COOLED EGR

Promotes higher fuel efficiency without sacrificing performance.

GOODBYE CUBICLE, HELLO WINDOW OFFICE

It's amazing what a change of scenery can do for your perspective. In Sentra, you have a bright, airy interior with spacious rear-seat leg room. And the 60/40 split rear seats flip down to add bulky or long items with ease.

¹Cargo and load capacity limited by weight and distribution. Always secure all cargo.

Nissan Sentra® SL shown in Charcoal Leather.

CRAFTED JUST FOR YOU Sentra® has been expertly designed to surround you with quality. Fine soft-touch materials fill the cabin, while available luxuries like heated front seats, rich Piano Black trim, and perforated leather-appointed seats come together to create a rich, tactile experience. This is Sentra, made with the quality you desire. Nissan Sentra® SL shown in Charcoal Leather. U.S. instrumentation shown.

SENTRA'SV - PREMIUM COMES STANDARD

Sentra SV is anything but ordinary. Innovative perks – all standard – keep you comfy, connected, and help keep an eye out. And with the available SV Style Package, you'll enjoy bonus features that further transform the way you drive.

NISSAN ADVANCED DRIVE-ASSIST® DISPLAY

Turn-by-turn directions, caller ID, available safety features, and more – the Advanced Drive-Assist® Display puts it all right before you on its 127 mm (5.0") colour display.^{2,3} Steering wheel controls let you cycle through the different screens.

U.S. instrumentation shown.

STREAMING AUDIO⁴ SYSTEM^{3,4} WITH CALLER ID

BLUETOOTH[®]

Let your passengers play DJ. Just connect a Bluetooth*compatible device, like a phone or tablet, to stream music from any seat.^{4,8}

PUSH BUTTON IGNITION AND NISSAN INTELLIGENT KEY®

The Nissan Intelligent Key® opens your Sentra with the press of a button on the door handle, without leaving your pocket or purse. And with Push Button Ignition, it's a single touch and off you go.

REARVIEW MONITOR

When you engage Reverse, the RearView Monitor helps you see what's directly behind you on its 127 mm (5.0") colour display.9

TREAT YOURSELF TO THE AVAILABLE SV STYLE PACKAGE

HEATED SEATS

Perfect for those chilly mornings, heated front seats help get you warm and toasty.

ALUMINUM-ALLOY WHEELS

16" Aluminum-alloy wheels add a stylish touch that's designed to impress.

POWER SLIDING GLASS MOONROOF

Take in the sky, some fresh air and premium comfort at the press of a button.

Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. 2Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. 3Information displayed is dependent on how vehicle is equipped. 4Availability of specific features is dependent upon the phone's Bluetooth's support. Please refer to your phone Owner's Manual for details. Bluetooth's word mark and logos are owned by Bluetooth's [Inc., and any use of such marks by Nissan is under licence. SFEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed and other limitations apply. 4LDW operates only when the lane markings are clearly visible. Speed and other limitations apply. 5ee Owner's Manual for details. 2Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. 8Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. 9Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. Nissan Connect YOUR WORLD AT YOUR FINGERTIPS

With available NissanConnect with Mobile Apps, your Sentra® becomes your smartphone's best friend. Which means no more separation anxiety for you. Because now, your own hand-picked music, latest tweets, TripAdvisor® tips, Facebook® events, and more all come along for the ride, working seamlessly together through your smartphone and Sentra's available 147 mm (5.8") colour touch-screen!

Your Nissan Sentra also keeps you in the loop with the available Nissan Navigation System (featuring Nissan Voice Recognition),² hands-free text messaging assistant,³ Bluetooth hands-free calling and streaming audio,⁴ plus an iPod */USB input.⁵

Driving is serious business. Only use NissanConnect: Services powered by SiriusXM® when safe to do so. Late availability for some features. Services, including automatic crash notification and SOS, are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach NissanConnect Customer Care or receive support. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. You are responsible for using Remote Horn feature in accordance with any laws, rules or ordinances in effect in your vehicle's location. Cellular networks provided by independent companies are not within Nissans or SXM CVS Canada's control. Neither Nissan nor SXM CVS Canada are responsible for associated costs that may be required for continued operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Should cellular provider terminated-irestrict service, service may be terminated without notice and with no liability to Nissan, SXM CVS Canada, and/or their respective agents or still attend to receive full suite of services. Terms and conditions of Subscription Agreement apply. Six (6) month trial period begins on your date of vehicle purchase or lease of a new Nissan; subsequently a paid subscription is required at the then current rate to continue to receive services. Text rates and/or data usage may apply. "Never program while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Text rates and/or data usage may apply. "Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SiG, Inc., and any use of s

NissanConnect Services powered by SiriusXM.* Let our people look after you and your people. With available NissanConnect Services, you have a selection of plans that give you additional peace of mind, along with added convenience and comfort!

EMERGENCY PREPAREDNESS

Watches out for you with features including automatic collision notification and emergency calling!

REMOTE ACCESS

Can't find your vehicle in the parking lot? Use your smartphone to flash the lights and/or honk the horn. Remote lock/unlock gives you easy access even without a key.

CUSTOMIZABLE ALERTS

Keeps you in the know about your vehicle's location, including Valet Boundary, speed, and even curfew alerts.

CONCIERGE SERVICES

Travelling? You've got help with features, including Journey Planner and Destination Download.

UP TO 6.3 L /100 KM (45 MPG)¹ GOES THE DISTANCE FOR YOU

Performance, efficiency, fun — get more of it every day. Sentra® bumps it up with excellent fuel economy in a roomy, comfortable car that's a great drive. An aerodynamic exterior cuts through the air, while the advanced 1.8-litre engine teamed with a virtually gearless Xtronic CVT® (Continuously Variable Transmission) helps maximize efficiency and performance.

LIKE HAVING THREE DIFFERENT CARS AT YOUR FINGERTIPS

With the simple push of a button, you can custom-tailor Sentra to match your mood. So what will it be today? Eco, Normal or Sport?

Feeling thrifty? In Eco mode, Sentra adjusts engine and transmission response to maximize fuel efficiency and even adjusts the air conditioning for less draw on the engine power.

NORMA

Something for everybody. Normal mode gives you a perfect blend of efficiency and response.

SPORT

Curvy roads ahead? Sport mode sharpens engine and Xtronic CVT° transmission response to rev up your senses.

INTELLIGENT CRUISE CONTROL

Unlike traditional systems that only maintain a set speed, Sentra's Intelligent Cruise Control² also helps maintain a set distance between you and the car in front of you. As traffic slows down or speeds up, Sentra can respond accordingly.

Nissan Sentra® SR Turbo with Premium Package shown in Red Alert.

¹Actual mileage may vary with driving conditions — use for comparison only. ²Intelligent Cruise Control is not a collision avoidance system or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident.

NISSAN INTELLIGENT SAFETY SHIELD TECHNOLOGIES INNOVATION THAT LOOKS OUT FOR YOU

What if you had the confidence you need for every part of your drive? The Nissan Safety Shield philosophy is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies are designed to help monitor conditions. Like a warning to let you know when a vehicle is in the blind spot area, or a system that helps ensure you're travelling on properly inflated tires.

Available Features:

Forward Emergency Braking (FEB)^{1,2}

Blind Spot Warning (BSW)^{1,3}

Rear Cross Traffic Alert (RCTA)1,4

Tire Pressure Monitoring System (TPMS) with Easy-Fill Tire Alert

TPMS lets you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you've reached the correct pressure.^{5,6}

RESPOND

Whether you need to hit the brakes hard or manoeuvre around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control (VDC) helps you maintain your steered path.⁷

Traction Control System (TCS) helps reduce wheelspin in low-traction situations.

Anti-lock Braking System (ABS) helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution (EBD) sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.⁸

PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the advanced seat belt and airbag systems help protect passengers.

Six Standard Airbags⁹ Nissan Advanced Airbag System (AABS) has dual-stage supplemental front airbags with seat-belt and occupant-classification sensors. In addition, Sentra features driver and front passenger seat-mounted side-impact supplemental airbags along with roof-mounted curtain side-impact supplemental airbags with rollover sensor.

LATCH System (Lower Anchors and Tethers for CHildren)

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child

restraints in Nissan vehicles. The result: an industry first, The Snug Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at Nissan.ca/en/owners

GET AWAY WITH JUST A WARNING

Forward Emergency Braking (FEB)

Using radar technology to keep an eye on your speed and proximity to vehicles ahead of you, the available Forward Emergency Braking gives you audible and visual display warnings to help you know when to reduce your speed, if necessary. It can also apply braking to help you avoid a collision. If a collision is unavoidable, this feature can automatically engage the brakes to help reduce speed of impact and reduce the severity of a collision.^{1,2}

Blind Spot Warning (BSW)

When the available Blind Spot Warning system detects another vehicle in the blind spot area, an indicator appears in the driver's or front passenger's door pillar and on the available Advanced Drive-Assist® Display. Then, if you put your turn signal on, the indicator flashes with a warning chime. 1.3,10,11

Rear Cross Traffic Alert (RCTA)

When you're backing out of a parking space, this available feature watches the area around the rear of your Sentra, and can warn you about vehicles you might not see approaching from either side. So backing up feels more confident than ever.^{1,4}

1Available feature 2FFR cannot prevent accidents due to carelessness or dangerous driving techniques It may not provide warning or braking in certain conditions. Speed and other limitations apply. 3Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. 4RCTA is not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner's Manual for details. 5TPMS is not a substitute for regular tire pressure checks. We hicle must be on for the Easy-Fill Tire Alert to operate. 7VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ⁸Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in contro of the vehicle at all times. 9Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts, according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for details. Inflated airbags shown for illustration purposes only, actual coverage area may differ. Airbags deflate after deployment. 10 Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. "Information displayed is dependent on how vehicle is equipped.
