TITAN

Innovation that excites

EVERY day brings new challenges and new opportunities. Be ready with a truck built to tackle whatever comes your way. With a 390 HP Endurance V8. Up to 1,610 lbs. of payload. And up to 9,220 lbs. of maximum towing capacity. Along with the brawn, you've got brains, like an incredibly capable truck bed, advanced technology that redefines towing, and comfort and convenience that makes this one premium ride. The new 2017 Nissan TITAN: 24/7 it's always on DUTY.

CANADA'S BEST TRUCK LIMITED WARRANTY

5-YEAR/160,000 KILOMETRES³

BUMPER-TO-BUMPER LIMITED WARRANTY

Nissan TITAN® Platinum Reserve shown in Cayenne Red.

¹Maximum payload capacity when properly equipped. Maximum payload of up to 1610 lbs. for 2017 TITAN S 4x4 Crew Cab and 2017 TITAN S 4x4 Crew Cab. Payload capacity varies by configuration. See Nissan and Compact Pickup Segmentation v. 2017 TITAN and TITAN XD. Nissan's New Vehicle Limited Warranty basic coverage excludes tires, corrosion coverage, and emission performance and defect coverage (applicable coverage (applicable varies by configuration. Payload capacity when properly equipped. Maximum towing of up to 9220 lbs. for 2017 TITAN and TITAN XD. Nissan's New Vehicle Limited Warranty basic coverage excludes tires, corrosion coverage, and emission performance and defect coverage (applicable coverage). See dealer for complete warranty details. Warranty claim is current at time of printing. Endurance is a registered trademark of Cummins Inc.

ENDURANCE® V8 GAS ENGINE

5.6 L^{V8}
390 HP

394 LB.-FT. OF TORQUE

The TITAN® Endurance V8 gas engine puts the strength of a technological powerhouse under your foot. With Direct Injection, a 4-valve-percylinder design, and a Variable Valve Event and Lift (VVEL®) technology for a solid 73 HP and 9 lb.-ft. of torque bump over the previous TITAN. Combined with active vent shutters in the front grille to reduce aerodynamic drag, fuel efficiency is substantially improved as well, making TITAN an excellent all-around performer.

VARIABLE VALVE EVENT AND LIFT TECHNOLOGY (VVEL)

NISSAN

Hydraulically controlled variable valve timing combined with electronically controlled variable valve lift technology provides high performance and crisp response. Throttle response is enhanced by directly controlling the intake valve. A new Multi-Control Valve (MCV) allows the engine to warm up more quickly than with a traditional thermostat.

DIRECT INJECTION GAS (DIG™) TECHNOLOGY

Direct Injection Gas (DIGTM) technology provides better wide-open throttle performance and improved fuel economy and emissions performance (versus a non-direct-injection system) by reducing engine knock, improving combustion stability, and offering precise injection control.

7-SPEED AUTOMATIC TRANSMISSION

Backing up this V8 powerhouse is a specially tuned 7-speed automatic transmission. With features including tow/haul mode and Downshift Rev Matching for reduced shift shock, it's an ideal partner for the kind of hard work TITAN was engineered for.

TOW WITH CONFIDENCE

TITAN® starts with massive capabilities, including up to 9,220 lb. towing capacity. And when towing the big loads, you go with comfort and confidence, thanks to a new 7-speed automatic transmission featuring tow/haul mode with downhill speed control, available adjustable brake controller, and Trailer Sway Control (TSC)!

Nissan TITAN® SL shown in Magnetic Black with optional equipment.

MATIT

Maximum towing capacity when properly equipped. Maximum towing of up to 9,220 lbs. for 2017 TITAN® S 4x4 Crew Cab with Accessory Tow Hitch Kit. Maximum towing capacity of up to 9,050 lbs. for 2017 TITAN® SL 4x4 Crew Cab shown. Towing capacity varies by configuration. See Nissan Towing Guide and Owner's Manual for additional information.

BUILT ON A SOLID FOUNDATION

Strength comes from the core. So TITAN® starts with a rugged chassis, including a fully boxed, full-length ladder frame. TITAN builds on that with a revised rear suspension, new 4-wheel ventilated disc brakes, and a beefed-up rear differential. While TITAN handles the rough stuff, interior comfort is enhanced with new hydraulic body mounts to help absorb noise and vibration in the cabin.

ADVANCED REAR SUSPENSION

Revised spring rates for the rear leaf springs provide a more linear response for enhanced comfort and control. A new rear stabilizer bar adds to TITAN's composure, while mono-tube shock absorbers help increase dampening force while maintaining a smooth ride.

Full-length, fully boxed ladder frame. Reinforced in key areas to help fight torsional twist.

FULLY BOXED LADDER FRAME

FOUR-WHEEL VENTILATED DISC BRAKES

13.8" front/13.6" rear 4-wheel ventilated disc brakes help give the stopping power you need when carrying massive loads.

Reinforced double-wishbone front suspension. Large rear leaf springs and bushings help handle up to 1,610 lbs. of payload.¹²

HEAVY-DUTY SUSPENSION

¹Maximum payload capacity when properly equipped. Maximum payload of up to 1,610 lbs. for 2017 TITAN* S 4x4 Crew Cab and 2017 TITAN* SV 4x4 Crew Cab. Payload capacity varies by configuration. See Nissan Towing Guide and Owner's Manual for additional information. ²Bilstein shocks shown are only available on PRO-4X* model.

TOWING - NO HELP REQUIRED

Towing used to be a two-person job. But with innovative engineering, you can hook up and hit the road quickly and confidently, even when you're on your own.¹

REMOTE TRAILER LIGHT CHECK

Once you've hooked up your trailer, you can easily check all trailer lights by cycling through the lights with your Nissan Intelligent Key. No help needed. You can also check the lights on the Nissan Advanced Drive-Assist Display in the cabin. 12

INTEGRATED TRAILER BRAKE CONTROLLER

Allows you to adjust brake bias depending on load. You can also add additional brake force on the fly by pinching the controllers on the console.^{1,2}

REAR HITCH ALIGNMENT CAMERA

Lining up to a trailer made easy. With either the RearView Monitor or Around View® Monitor, coloured lines help you judge distance from the item, while predictive course lines adjust with steering angle, to help guide you in. 1.2.3

¹See Nissan Towing Guide and Owner's Manual for additional information. ²Available feature. ³Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ⁴Maximum payload capacity when properly equipped. Maximum payload of up to 1,610 lbs. for 2017 TITAN® 5 4x4 Crew Cab and 2017 TITAN® 5V 4x4 Crew Cab. Maximum payload capacity of up to 1,350 lbs. for 2017 TITAN® Platinum Reserve 4x4 Crew Cab shown. Payload capacity varies by configuration. See Nissan Towing Guide and Owner's Manual for additional information. ⁵Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. ⁶110-volt power outlet is intended only for use with compatible items. Please check specifications of wattage and amperage of items to be plugged in to determine compatibility.

OPEN FOR BUSINESS

The bed is why you buy a truck. Thoughtful design makes sure TITAN's truck bed gives you the strength, capability, and flexibility you need.

SPRAY-ON BEDLINER

TITAN's tough bedliner is applied at the factory, ensuring you have a high-quality product. Designed for years of use and abuse, the bedliner helps protect your truck bed and your cargo.^{2,5}

UTILI-TRACK® CHANNEL SYSTEM

Slide the beefy aluminum-alloy cleats anywhere along the five channels along the wall or the floor, and put whatever you bring on lockdown.^{2,5}

DESIGN YOU CAN BUILD ON

TITAN® helps you get the job done quickly and easily, with room between the wheel wells for standard plywood sheets. Another smart feature, TITAN's 110-volt outlet in the bed corner by the tailgate gives you a convenient hookup for power tools.^{2,5,6}

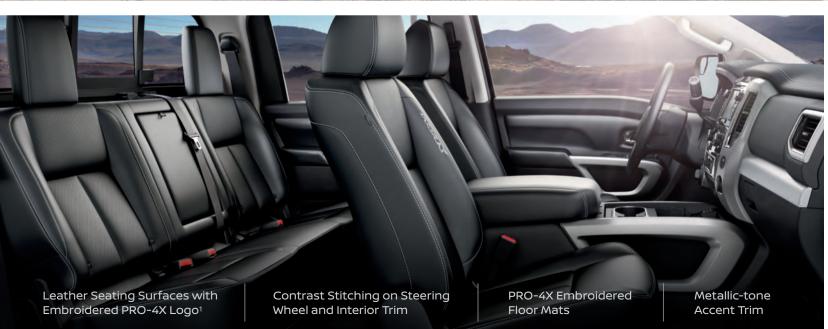

LED BED LIGHTING

24/7, TITAN's got you covered with ultra-bright LED lights. In-bed LED lights are tucked away to maximize space, while LED cargo bed lights give you a wide field of sharp illumination to help you find what you need.²

CLIMBS, CRAWLS AND CONQUERS Epic starts where the pavement ends. And with the new TITAN® PRO-4X®, it's never been more exciting, thanks to a truck-load of competition-grade equipment that reads like a serious off-roader's wish list.

Helps keep you from rolling backwards Maintains speed and brake pressure Next best thing to a suit of armour. to help provide a controlled descent. when starting on steep hills. Helps protect key components, including the radiator and transfer case.

¹Available feature. Bilstein® is a registered trademark of ThyssenKrupp Bilstein GmbH.

LOCKABLE REAR SEAT CARGO ORGANIZER^{1,2}

FOLD-FLAT FLOOR PANELS1

HARD WORK HAS ITS REWARDS

TITAN® rewards all on board, starting with a quieter ride, thanks to hydraulic body mounts, laminated side glass, improved door seals, and engine bay isolation. Front and rear Zero Gravity Seats³ – inspired by astronauts – simulate weightlessness to help reduce fatigue and stress while driving. Those in back are also looked after, with heated outboard rear seats¹ and convenient locking under-seat storage.¹ When the rear seat is not in use, the bottom flips up, and the cargo storage cover folds out to create a convenient flat loading floor.¹

SMART DESIGN BRILLIANT TECHNOLOGY

Space and innovation mean long-term appreciation of TITAN's interior. Relocating the shift lever to the steering column puts controls easily within reach and creates a huge centre console! The console lid even flips up making easy access for driver and passenger alike. Little details make for everyday ease, like a glove compartment lever that's moved towards the centre for an easy reach.

Nissan TITAN® SL shown in Black Leather.

NISSAN ADVANCED DRIVE-ASSIST® DISPLAY

INNOVATION THAT'S RIGHT IN FRONT OF YOU

From a dedicated off-road display to turn-by-turn directions. caller ID, and safety features, the Advanced Drive-Assist Display puts it all right before your eyes on its colour display. And it's easy to access, too — steering wheel controls let you toggle through the different screens. 1,2,3,4

OFF-ROAD STATUS1,2,3

NISSAN AROUND VIEW® MONITOR

EYES IN THE BACK OF YOUR HEAD

TITAN's Around View Monitor revolutionizes how you work and play. Whether it's parking, hooking up a trailer, or off-roading in tight guarters, four cameras help give you a virtual 360° bird'seye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.1,8,9

REMOTE ENGINE START WITH INTELLIGENT CLIMATE CONTROL

NEVER GET IN A HOT OR COLD TRUCK AGAIN

On hot days, the Remote Engine Start System with Intelligent Climate Control can adjust temperature and airflow for a quick cool-down.1,10

On cold days, the system can adjust airflow to warm up the cabin, defrost windows and windshield, and even turn on the heated steering wheel and outside mirrors.^{1,10}

1Available feature. 2Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Information displayed is dependent on how vehicle is equipped. Never program while driving, GPS mapping may not be detailed in all areas or reflect current road status. TPMS is not a substitute for regular tire pressure checks. Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word

mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. 7The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. 8 Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. Virtual composite 360° view. 10 Provincial laws may apply; review local laws before using.

Nissan Connect BECAUSE BUSINESS IS ALL ABOUT CONNECTIONS

NissanConnect with Navigation.^{1,2,3} Never miss a beat with TITAN's advanced navigation system with connected technology.^{2,3} Use Voice Recognition and Online Search with Google® while you're driving.^{1,2,3,4} Bluetooth® hands-free calling⁵ and the hands-free text messaging assistant⁶ keep you in touch the smart way. Bring your own music with Bluetooth® streaming audio,^{3,5} or one of the two iPod®/USB connection ports? More? SiriusXM® Traffic even helps keep you on the go with live traffic alerts.^{3,8}

NissanConnect Services powered by SiriusXM? Let our people look after you and your people. With NissanConnect Services, you have a selection of plans and services ranging from remote start access on your phone to calling for help if the system senses there's been an accident. Hey, that's what friends are for.^{1,3,9}

EMERGENCY PREPAREDNESS

Watches out for you with features including automatic collision notification and emergency calling!

REMOTE ACCESS

Use your computer or smartphone to warm up your vehicle with the Remote Engine Start System.
Remote lock/unlock gives you easy access – even without a key.¹⁹

CUSTOMIZABLE ALERTS

Keeps you in the know about your vehicle's location, including Valet Boundary, speed, and even curfew alerts.

CONCIERGE SERVICES

Travelling? You've got help with features including Journey Planner and Destination Download.

Driving is serious business. Only use NissanConnect⁵⁶⁶ Services powered by SiriusXM® and NissanConnect⁵⁶⁶ Mobile Apps when safe to do so. NissanConnect⁵⁶⁶ Services and Mobile Apps availability is dependent on vehicle model, trim level, packaging, and/or options. See NissanConnect for complete availability details. Late availability for some features. Compatible smartphone required to operate NissanConnect⁵⁶⁶ Services, including automatic crash notification and SOS, are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach NissanConnect⁵⁶⁶⁶ Customer Care or receive support. Never program while driving, GPS mapping may not be detailed in all areas or reflect current road status. You are responsible for using Remote Engine Start and Remote Horn features in accordance with any laws, rules or ordinances in effect in your vehicle's location. Cellular network not available in all areas and/or at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Nissan's or SXM CVS Canada's control. Neither Nissan nor SXM CVS Canada are responsible for associated costs that may be required operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Should cellular provider terminate/restrict service, service may be terminated without notice and with no liability to Nissan, SXM CVS Canada and/or their respective agents or affiliates. Certain services require a PIN for activation. Enrollment and Subscription Agreement is required to receive full suite of NissanConnect. Services powered by SiriusXM® six (6) month trial periods begin on your date of vehicle purchase or lease of a new Nissan; subsequently the respective paid subscription is at the then current rat

NISSAN INTELLIGENT SAFETY SHIELD TECHNOLOGIES

YOUR PARTNER, NO MATTER WHERE THE ROAD TAKES YOU

What if extra reassurance was easy to spot? TITAN's available Intelligent Safety Shield Technologies offer you a suite of advanced systems that help you keep an eye out all around you, watch the flow of traffic, and even think ahead.

Blind Spot Warning (BSW)

If another vehicle is detected in the blind spot area, an indicator appears in the driver's or front passenger's door pillar and on the Advanced Drive-Assist® Display. Then, if you put your turn signal on, the indicator flashes with a warning chime 3,10,11,12

Rear Cross Traffic Alert (RCTA)

When you're backing out of a parking space, this feature watches the area around the rear of your TITAN® and can warn you about vehicles detected that you might not see behind you approaching from either side. So feel more confident backing up.^{3,13}

Moving Object Detection (MOD)

When the Around View® Monitor is in use and detects moving objects near the vehicle, it gives a visual and audible alert 3,14

costs, that may be required for continued operation due to service changes. Savailability of specific features is dependent upon the phone's Bluetooth® support. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle

NISSAN INTELLIGENT SAFETY SHIELD TECHNOLOGIES INNOVATION THAT LOOKS OUT FOR YOU

What if you had the confidence you need for every part of your drive? The Nissan Intelligent Safety Shield philosophy is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies are designed to help monitor conditions, like a warning to let you know a vehicle might be in your blind spot area, or a system that helps ensure you're travelling on properly inflated tires.

Available Features:

Blind Spot Warning (BSW)^{1,2}
Rear Cross Traffic Alert (RCTA)^{2,3}
Moving Object Detection (MOD)^{2,4}

Tire Pressure Monitoring System (TPMS) with Easy-Fill Tire Alert

TPMS lets you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you've reached the correct pressure.^{5,6}

'Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. 'Available feature. 'RCTA is not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner's Manual for details. 'MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle. '5TPMS is not a substitute for regular tire pressure checks. 'Vehicle must be on for the Easy-Fill Tire Alert to operate. 'VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness,

RESPOND

Whether you need to hit the brakes hard or manoeuvre around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control (VDC)⁷ helps you maintain your steered path.

Traction Control System (TCS) helps reduce wheelspin in low-traction situations.

Anti-lock Braking System (ABS) helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution (EBD) sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist (BA)⁸ helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the seat belt and airbag systems help protect passengers.9

Six Standard Airbags° Nissan's Airbag System has single-stage driver and dual-stage front passenger supplemental airbags with seat-belt sensors? TITAN® features front seat-mounted side-impact supplemental airbags° and roof-mounted curtain side-impact supplemental airbags° with rollover sensor.

LATCH System

(Lower Anchors and Tethers for CHildren)

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissan vehicles. The result: an industry first, The Snug

Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at **Nissan.ca/en/owners**

or dangerous driving techniques. Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. Mirbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated air bags shown for illustration purposes only, actual coverage area may differ. Air bags deflate after deployment.

BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive lease and loan options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program, Loyalty Program or the Nissan Advantage Program. Please visit our website Nissan.ca/finance to explore all of the options available. We have also made it easy to pre-qualify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2017 Nissan is covered by a 3 year/60,000 km8 Comprehensive New Vehicle Warranty, a 5 year/100,000 km8 Powertrain Warranty, an 8 year/130,000 km8 Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See your Warranty Information Booklet for complete details.

'Extra cost option. ²Monotone paint is standard on PRO-4X. Two-tone paint is available. PRO-4X Gun Metallic only available in Monotone paint. ³Monotone paint is standard on Platinum Reserve. Two-tone paint is available. ³See your Nissan Dealership and read the actual limited warranty. ⁵Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. ⁵See Nissan Towing Guide and Owner's Manual for additional information. ⁷Provincial laws may apply; review local laws before using. ⁸Whichever occurs first.

Added Security Plan (ASP) For ultimate peace of mind, consider Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Security+Plus™ Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there's no worrying about price increases on parts or service in the future. A variety of plans are available. Ask

your Dealer for details.

Nissan's environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF,® we're improving fuel efficiency across our lineup, and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.
